

Digitalization in Maintenance

2 Preface Articles

3 Digital Technologies Will Change Maintenance Work

6 Observing Vibrations from 300 m to Diagnose Infrastructure Deterioration

9 Commercial Trains Check Tracks Daily to Collect Data for Maintenance Planning

15 Deep Learning Finds Tunnel Cracks

Contribution

18 Digitalization in Maintenance at SNCF

International Activities

21 Japan's Contribution to ISO/TC 269

22 Collaborative Research with ACTLab on Pantograph/Catenary Hybrid Simulation

23 Current Status of the 12th World Congress on Railway Research (WCRR 2019)
