

Simulation Technology

Preface

2 RTRI Simulation Technologies

3 Preface Message from the General Director
Dr. Tetsuo UZUKA

Articles

6 Reproducing the Airflow around Railway
Vehicles

10 Reproducing the 3D Behavior of Overhead
Contact Lines and Pantographs

15 Elucidating Deterioration due to Wheel-Rail
Rolling Contact

19 Evaluating Wheel Slide Protection
Performance Responding to Train Braking

24 Evaluating Train Vehicle Running Safety on a
Bridge in the Event of an Earthquake
